Sir,

I have the honour to state that the Trust Board has at its Meeting held on 30th August 1944 sanctioned the marginally noted five estimates for sinking wells in the different Mohallas of the City at an aggregate cost of Rs 8,100/- Though the sinking of wells and water supply are duties devolving on the Municipal Council, the Trust Board has agreed to undertake these works at the request of the Municipality as the latter body is unable to finance these improvement works for want of funds Considering the part taken by the Trust Board for the all round improvement of the City these works may not be considered entirely outside the scope of its activities The paramount necessity of having a sufficient number of wells in the different parts of the City was well brought home at the time of the accident at Shivasamudram and it is felt that the Trust Board should come to the aid of the Municipality in this particular instance

1) Estimate for Rs 1,400/- for sinking well No 1 of 10' diar , in Bakshi Basappaji Garden area
2) -do- well No 2 in B B Garden Extension, for Rs 1400/-
3) -do- in Fort Mohalla (Sreenivasan Agrahar) for Rs 1,400/-
4) -do- in Fort Mohalla, for Rs 1,400/-
5) -do- in People's Park for Rs.2,500/-

2 The State Grant for the Trust Board has been fixed at Rs 75,000/- only and inspite of the heavy income anticipated under sale of lands it is found that several important acquisition and construction works have to be deferred for want of adequate funds The Trust Board is also therefore not in a position to meet the cost of the above as also other well works proposed to be taken up I therefore request that the Govern ent may kindly be moved to sanction an additional grant of Rs 25,000/- for the specific pu

P

of sinking wells in the different Mohallas of the City as it is calculated to meet the needs of the citizens in an emergency

3 It may be mentioned in this connection that in the earlier period of the Board's operations, the cost of water supply, lighting - etc , to New Extensions was being entirely met by the Trust Board and even now several maintenance works such as (1) the maintenance of -- Doddakere Contour Channel (2) maintenance of Fort Malden (3) Maintenance of avenues etc , are being carried out by the Board though they would ordinarily have to be met by the Municipality as the activities of both the bodies are inter-related

4 Under these circumstances, I request that sanction of Government may kindly be communicated for the special grant to the Trust - Board for the purchase of carrying out the above well works

5 Favour of early sanction is solicited

Sir,

With reference to your letter No D2-C 34/44-45-D 9-10-44 requesting sanction to a ~~special~~ grant of Rs 25,000/- to the Jungle Board for sinking Drinking water wells in the several Mohallas of the city, I am directed to state that a sum of Rs 25,000/- was sanctioned as a loan about two years ago to the Mysore City Corpn in connection with the provision of water supply by sinking wells in the different parts of the city. (Ledger Fo No L 9707-30/0015-11-6) I am to enquire how many wells have been sunk out of the said amount & whether all that money has been spent & whether the wells now proposed for being sunk were not included in that programme. An early reply is requested

Sir,

With reference to your letter No L 5207 dated 29th November 1944 re the special grant of Rs 25,000/- to the Trust Board for sinking drinking water wells, I have the honour to state that out of the grant of Rs 25,000/- vide G O No L 9727-30/M1 159-41-6 dated 14th April 1942, 17 drinking water wells have been sunk by the Municipality at a total cost of Rs 24,550/- The wells referred to in this office No D2 C 34/44-45 dated 10-10-1944 were not then included in the programme as the amount was insufficient to meet the cost of all the works It has been found very necessary to have sunk wells in the localities now proposed I therefore request that Government may kindly be moved to sanction a special grant of Rs 25,000/- to the Trust Board for this sinking of drinking water wells

Favour of early orders is solicited
